

BULLETIN BUILDER

a service of the Department of Internet Ministries

"The resources of modern technology present us with powerful means for communication as we work to build the Body of Christ. The valuable tool Bulletin Builder is an excellent example of the utilization of modern technology in a creative way that positively enhances the work, expands the reach, and facilitates the effectiveness of inspired parish ministry."

His Eminence Archbishop Demetrios of America

"The creation of Bulletin Builder will enable parishes to inform their stewards of ministries and announcements in a more timely manner. In addition, this will be an invaluable tool in teaching Christian Orthodoxy in Cyberspace. . . .To the Department of Internet Ministries of the Greek Orthodox Archdiocese, I extend my humble appreciation and offer AXIOS for your outstanding service to our One, Holy, Catholic and Apostolic Church."

Rev. Father John Magoulias
Annunciation Church, Modesto, CA

"It's easy and a time-saver. With one click I can simultaneously update a fresh new page on our parish web site, send out an e-mail version of the weekly bulletin, and send myself a format to print for handout on Sunday mornings."

Rev. Father William Christ
Holy Trinity, Tulsa, OK

"Bulletin Builder has helped us accomplish the vision of creating an electronic "small-town" newspaper for all the faithful of our Metropolis. We are currently using Bulletin Builder to communicate on a weekly basis with 4,000 subscribers."

Karen Powers
Greek Orthodox Metropolis of Atlanta

"For many decades, timely communication has been the greatest challenge in our parish, metropolis, and Archdiocesan ministries. Through Bulletin Builder, the Department of Internet Ministries has revolutionized this vital ministry of our holy faith in America. Now, we can communicate instantly and efficiently across all levels in the medium people use most."

His Eminence Metropolitan Isaiah of Denver
Greek Orthodox Metropolis of Denver

"Bulletin Builder not only provides me the necessary printed format, but a unique web and e-mail presence for outreach as well as a point of connection for the members of the parish."

Rev. Father Nektarios Morrow
Holy Cross Greek Orthodox Church, Wichita Falls, TX

"The program is quite easy and intuitive to use. One doesn't have to spend countless hours reading manuals or following instructions to produce something that is first class. It gives our parish a very professional e-mail newsletter and a welcomed addition to our web site. I highly recommend Bulletin Builder to other parishes!"

Mr. Stephen Kalivas
Saint Vasilios Greek Orthodox Church, Peabody, MA

Bulletin Builder is part of the Department of Internet Ministries' Orthodox Ministry Suite. It is made possible by the Greek Orthodox Archdiocese of America, the vision and generous support of Leadership 100, and the generous support of the Virginia H. Farah Foundation.

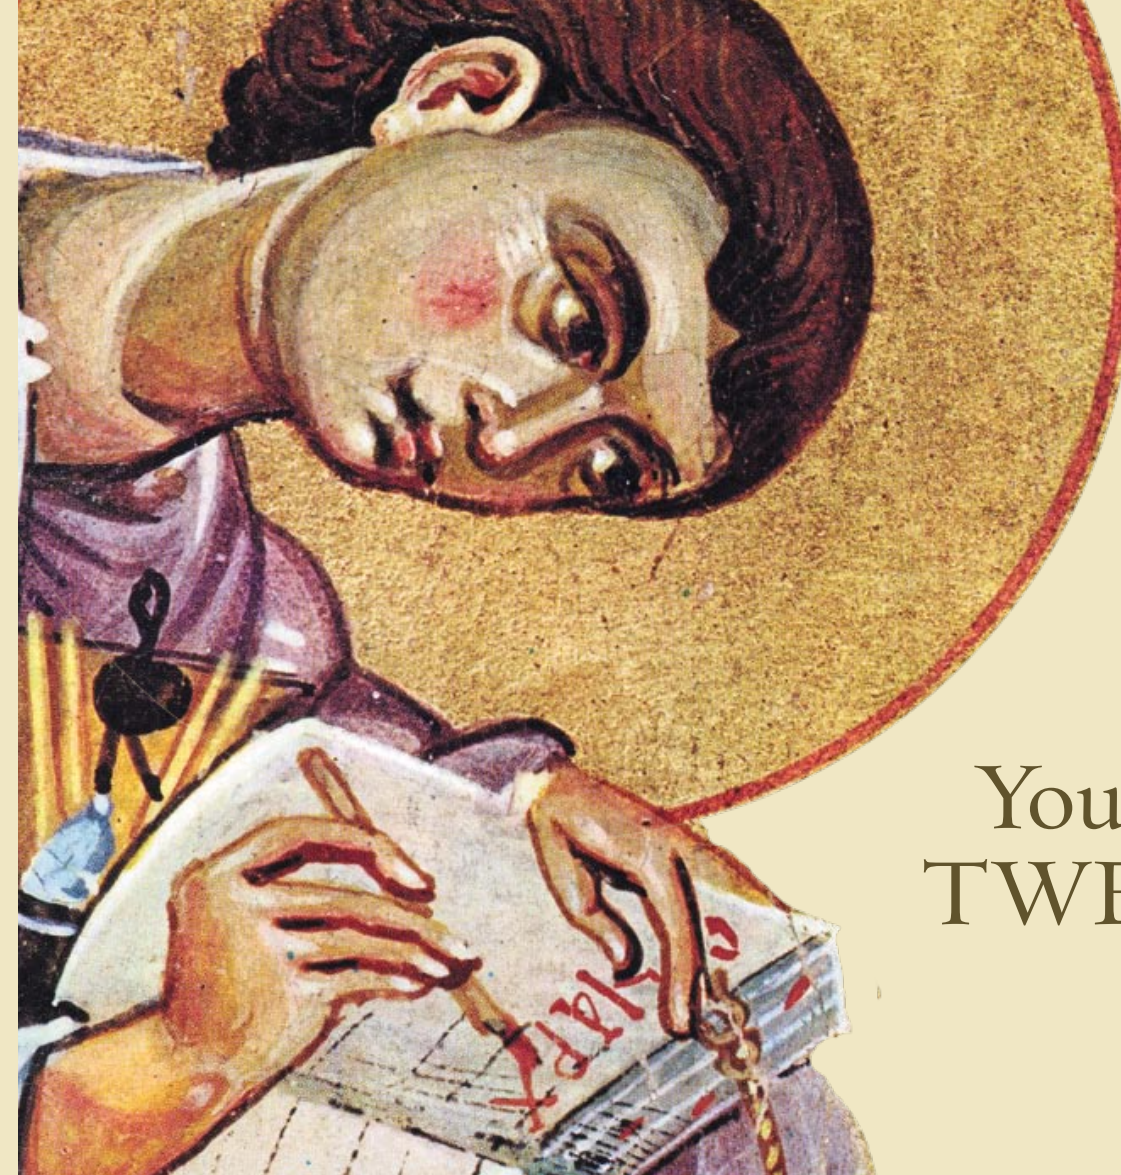

Visit www.bulletin.goarch.org to register your parish for a Bulletin Builder account. To learn more about Bulletin Builder contact the Department of Internet Ministries at: www.internet.goarch.org or by calling (617) 850-1350.
