Harmony in Marriage: Part 1

From the Betrothal Service:
“that He may bless them in harmony…”

When we think of harmony, music often comes to mind—the blending of different tones to make a beautiful sound. The same with marriage; husband and wife are two different persons who come together by God's grace to be joined in harmony. Discuss your personality differences (extro/introvert, structured/spontaneous, etc.). How do you complement one another/create harmony in your differences?
