## Faithfulness in Marriage

*“Obedience in marriage is simply living in the state of faithfulness.”*

*(Fr. Stephen Freeman)*

Language of obedience does not always resonate positively in the culture in which we live. Yet, we read in the Scriptures that Christ “humbled himself and became obedient to the point of death, even death on a cross” (Phil. 2:8). He epitomizes what it means to be obedient through His faithfulness to His Father. Discuss with your spouse how you can more intentionally be faithful and obedient to Christ and to one another.
